The faculty, staff, and administration of Fairhaven High School believe that we must motivate, inspire, and empower our students to fulfill their potential to become independent, curious, creative, life-long learners prepared to succeed in an increasingly diverse and global society. We regard the successful development of each individual as a responsibility shared by the student, the school, the family, and the Fairhaven community. We believe all students must be engaged in a rigorous academic program enriched by fine arts, technology, athletic, and co-curricular activities in a safe and secure environment that encourages, nurtures, and promotes the development of every student to become a respectful, tolerant, responsible, healthy, and civic-minded citizen.

A message from your Class President

Congratulations everyone, we made it! We are now graduates of Fairhaven High School! It feels weird saying that, these past four years have come and gone like the wind, but here we are shipping off into the real world. We have worked so hard to get here. Powering through sleep deprivation, grueling sports regimens, insane workloads, hours of hard work and dedication into the plethora of clubs we care about. We have learned and grown so much since our freshman year. We have made new friends that will last a lifetime. We have expanded our knowledge, solving problems we never thought possible. Most importantly we have a better grasp on who we are as individuals. We know that we aren't perfect, but that's okay because we keep working to better ourselves and strive towards perfection.

As we start down our separate paths in life I hope that happiness finds all of you. You will all do great things in life, I have faith in all of you. Greatness comes in many forms. Popularity, wealth, and prestige are all flashy forms of greatness. Remember to keep true to yourselves. Focus on achieving good health, a strong family, and happiness in your lives. Break your limits. I hope that our paths cross sometime in the future. Until that day comes, don't forget those who walked these halls of ivy with you. Love y'all. Peace out.

What do you miss most about home?

The winter season does not exist there, the Thai food because

it is spicy, and my family (of course).

Who has impacted you most during your stay?

My family here because they accepted me as a part of the family, they took care of me, and taught me everything.

I feel like they are my family for the rest of my life.

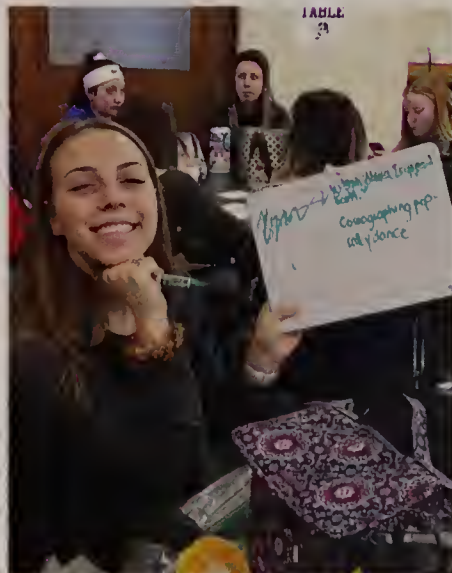

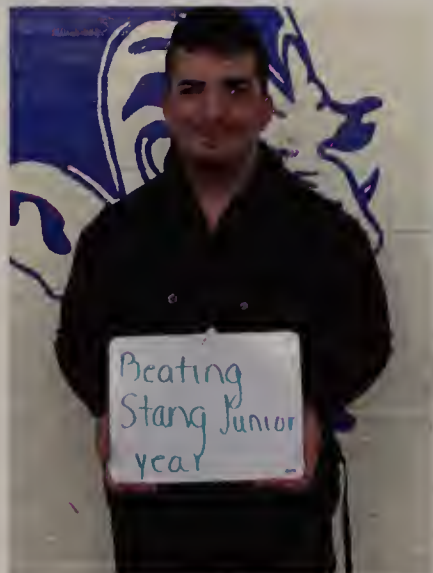

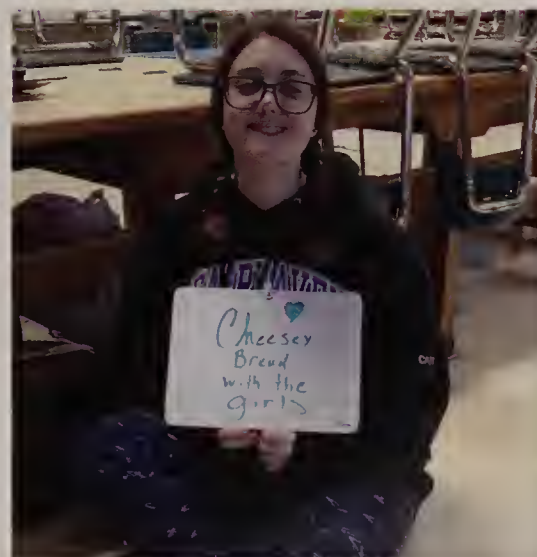

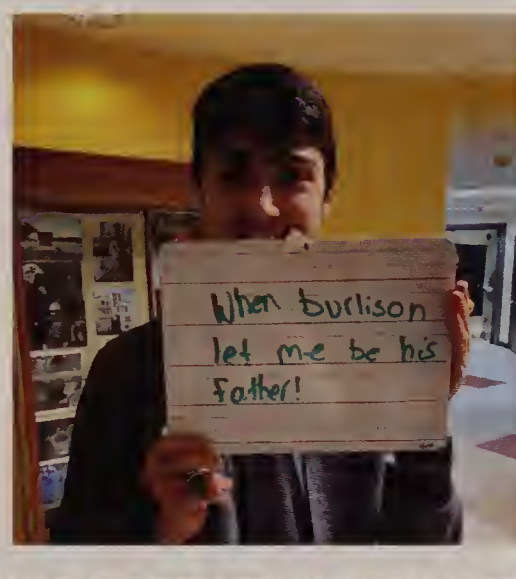

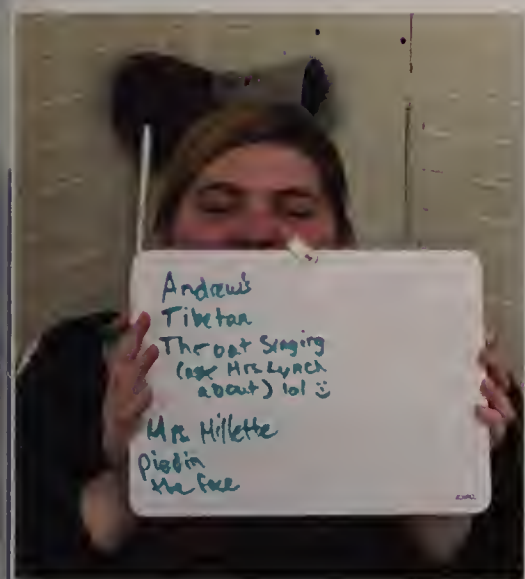

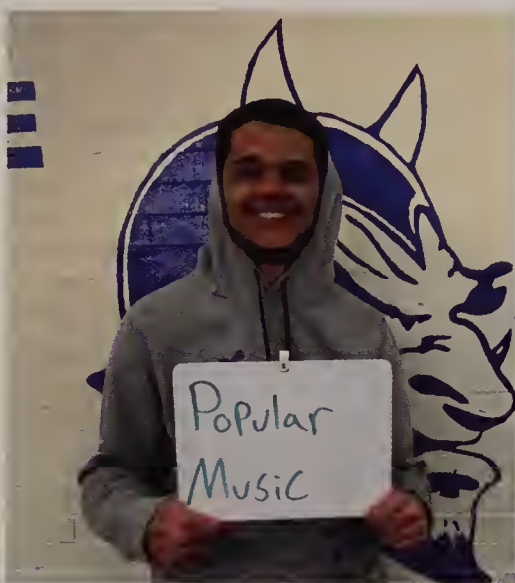

What was your favorite childhood memory?

Traveling with my family because I love to see new things.

What will you miss most after you leave America?

I will miss everyone of course!
